From the Dy. Commissioner, Kolar Dist.
No. 9 I.C. 1130/33-34 dated 28/3/34

Requests that Section 3 (b) of the Mysore Mines Regulations, 1906, may be amended by deleting sub clause (d) and thereby substitution of carbide for candles by the mining companies on the K.G.F.

Subd.

I Said reference is invited to page 2 of the Mysore Mines Regulations, 1906 (as copy given). The proposal is to delete sub clause (d) i.e. claiming candles, as the mining companies on the K.G.F. have substituted Carbide for candles.

2 In this connection, said reference is also invited to paras (a), (b) & (d), of G.O. No P. 362-70/Legis 1-30-1 dated 16/7/30. re. rules for dealing with measures of proposed legislation.

6 Following the disastrous outbreak of fire underground in Nundydroog mine in the year 1930 the mines have gradually reduced the use of candles underground as will be seen from the following table.

Year	Quantity	Cost
1929	lb. 300,866	£ 9,423.
1930	" 246,748	" 7,571
1931	" 273,564	" 8,122
1932	" 204,950	" 5,973
1933	" 20,590	" 590

The mines have large stocks of candles on hand and they want to sell them in the open market but cannot do so till the law is amended. Hence the request of the Mining Board to delete the Sub-section (6) (d) of Sec. 3 Mys. Mines Regn. and I see no objection to comply with it.

would not a general notice under sec 5 by the Mining authorities have a similar effect of legalising the transactions without an amendment of the Regulations?

8.5

If the only purpose of the proposed Amendment is to enable the Mining Board to dispose of the large stock of candles with them, that purpose can be satisfied by the grant of a written permission by the Mining Proprietor or his Superintendent.

If however the idea is to no longer restrict the sale or purchase of such Candles hereafter in the mining area, it is desirable to delete cl (d) from sec 3 (b) of the Regn as now proposed - For this purpose the bill as drafted is in order.

Reference is invited to paragraph 6 of this note, it seems unnecessary to introduce a bill this year. The points mentioned above may be pointed out when the Regulations come for amendment next year.

Draft bill to amend the Mysore Mines Regulation, 1906

~~Whereas~~ Whereas it is expedient to amend the Mysore Mines Regulation No IV of 1906, it is hereby enacted as follows:

Amendment of Section 3 of the Regulation.

In sub-section (b) of Section 3 of the Regulation,

(1) the whole of ~~the~~ sub-clause (d) "clearing candles distinguished by the wax being of light pink colour" and " shall be omitted,

(2) the word " and " shall be added after the words " mining operations; " in clause (c),

& (3) ~~the~~ clause (e) shall be renumbered as clause (d).

Statement of objects & reasons.

Candles were included in the list of " mining materials " under Section 3 of the Mysore Mines Regulation.

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Since the disastrous
~~outbreak~~ outbreak of fire underground
in the Mundydroog mine in
the year 1930, the mines are
reported to have gradually
reduced the use of candles
underground & substituted
carbide for them. Consequently,
the mines have large stocks
of candles on hand, which they want to dispose of
the open market. But they
cannot ~~dispose~~ do so under the
present law. The mining
companies, K. G. F., have therefore,
requested the deletion of the
clause (d) of sub-section (6)
of Section 3, Mysore Mines Regulation.

The amendment proposed
in the annexed bill is
intended to provide for this.
